

Rohan

Air dehumidifier with compressor

air & me

SPECIFIC CHARACTERISTICS

200m²

Wifi

Colored indicator

Built-in hygostat

Built-in lift-pump

- Ultra powerful
- 50 L/day
- Timer function
- Auto stop if full tank
- Continuous drainage
- Multi-directional casters

TECHNICAL DATA

Technology	: Compressor (Gas: R290)
Airflow (m ³ /h)	: 360
Dehumidification capacity (L/day)	: 50*
Suitable for rooms up to (m ²)	: 200
Water tank capacity (L)	: 7
Number of speed	: 3
Voltage (V)	: 220 - 240
Maximal consumption (W)	: 750
Noise level (dB)	: 52
Ambient temperature range (°C)	: 5 - 35
Continuous drainage	: Yes
Built-in hygrometer	: Yes
Hygostat function	: Yes
Built-in lift pump	: Yes
Materials	: ABS
Product dimensions (mm)	: 620 x 375 x 260 (HxWxD)
Packaging dimensions (mm)	: 655 x 425 x 305 (HxWxD)
Net / Gross weight (kg)	: 18.6 / 21
Eco-tax (€)	: 4.17 excl. tax – 5 incl. tax
Warranty (an)	: 2

LOGISTIC

Number of pieces per master	: 1
Master dimensions (mm)	: 655 x 425 x 305 (HxWxD)
Master weight (kg)	: 21

AVAILABLE COLORS

Rohan White	Product EAN : 3700459001999
	Master EAN : -
	SKU : ROHA0001

Rohan is the powerful compressed air dehumidifier in the air & me range. Classified heavyweight category thanks to its dehumidification capacity of 50L per day, it is particularly powerful when it comes to sanitize very large spaces. Equipped with a continuous drainage pipe and a lifting pump with a range of 5 meters, this device is also equipped with a Wifi function, to remotely control it with a smartphone or a home automation system. which makes it totally autonomous.

*Yield at 30°C and 80% relative humidity.
